TAFT AND COLOR LINE

None In Philippines While He Was Governor.

TREATED NATIVES AS EQUALS

Filipinos Welcomed to His Table and to Other Social Functions—Rich and Poor Alike Were the Objects of His Solicitude.

After Mr. Taft assumed charge of the Philippines there was no color line so far as he was concerned. There had been one for centuries. The Spaniards would not permit even a suggestion of social equality between him and the Filipinos, although in intelligence, breeding, education and attributes which constitute manliness the upper class Filipino is fully on a par with the Spaniard or American.

Mr. Taft's first care in the prosecution of his "policy of attraction" in the Philippines was to demolish the color line. Leading Filipinos were bidden to dinner and to other social affairs at his home, and their wives and daughters were asked to stand on the receiving line with Mrs. Taft. At dinners Mr. Taft invariably took in the leading Filipino woman. He did not martyr himself in so doing, either, for the Filipino women are bright, vivacious and possessed of a keen sense of humor, which last quality alone would insure their getting on well with Mr. Taft. So far as he could Mr. Taft became one of the people. A man who accompanied him on his first tour of the islands tells of having seen Mr. Taft in close conference with a young Filipino lawyer, who, when he quit Mr. Taft's side, left with him a piece of paper covered with diagrams. The secret came out the next night at the ball, which invariably formed a conspicuous part of the ceremonious entertainments. The ball was opened with the rigodon, or Spanish quadrille. It is a more complicated dance than our quadrille, and the figures are not

GHOSTS DRAGGED FORTH BY MR. TAFT

called out. Mr. Taft, to the surprise of his companions, stepped off with the wife of the president and led her through the quadrille without a mistake. He kept his eyes fairly closely glued to a bit of paper. It was the same that the lawyer had left him and upon which he had drawn a diagram of the figures of the rigodon for the instruction of the governor.

In his office and at all times Mr. Taft received the poorest as well as the richest and most influential Filipino. An American contractor tells of having waited in Mr. Taft's anteroom for an hour while he explained to an old Filipino woman what measures she should take to obtain a balance of \$1 which, she asserted, the government owed her on an unsettled claim. Had he not met the Filipinos on such grounds of equality Mr. Taft could never have so successfully striven with the problem in the Philippines. He had to have the help of the Filipinos, and he obtained it by making friends of them.

Mr. Bryan declares that he has been a tariff reformer for twenty-eight years. His platform in 1896 insisted that the tariff should not be agitated until the money question was settled. He postponed it in 1900 to discuss imperialism and is making it an issue in 1908 only in communities where his other vagaries have no standing.

"My record is known," says Mr. Bryan. He might run better if it were not.

Colonel Henry Watterson, while supporting Bryan this year, has not apologized for opposing him in 1896. Evidently the colonel has forgotten all about his fiery utterances during the campaign of that year and hopes that Bryan has done likewise.

Democrats find it difficult to forgive Mr. Taft for being consistent in his policies and refusing to change his convictions to curry popular favor.

Mr. Bryan says he is always ready to lift his voice in defense of the farmer, as if the thrifty, happy American farmer needed any defense.

The friends of organized labor cannot forget that Bryan is the man who proposed to cut wages in two with the fifty cent dollar.

Mr. Bryan says there is always hope for a man who changes. Yes, but not for a man who changes from bad to worse.

Governor Hughes made some punctures in the Bryan record in his Ohio speech that left the record more badly disfigured than ever, if that were possible.

Political seers may possibly perceive something ominous for Bryan in the fact that at the Democratic county convention in Cincinnati the other day the sergeant at arms was knocked down three times. Bryan has only been knocked down twice. Third time's the charm.

### A BAPTIST ELDER

#### Restored to Health by Vinol.

"I was run down and weak from indigestion and general debility, also suffered from vertigo. I saw a cod liver preparation called Vinol advertised and decided to give it a trial, and the results were most gratifying. After taking two bottles I regained my strength and am now feeling unusually well." Henry Cunningham, Elder Baptist Church, Kingston, N. C.

Vinol is not a patent medicine—but a preparation composed of the medicinal elements of cod's livers, combined with a tonic iron and wine. Vinol creates a hearty appetite, tones up the organs of digestion and makes rich, red blood. In this natural manner, Vinol creates strength for the run-down, over-worked and debilitated, and for delicate children and old people. For chronic coughs, colds and bronchitis Vinol is unexcelled.

All such persons in this vicinity are asked to try Vinol on our offer to refund their money if it fails to give satisfaction.

President Davis, on taking the Chair and thanking the members for the honor conferred, stated briefly that Maysville and Mason county needed just such an organization and that its object should be both political and social, the principal endeavor and work to be to assist in electing Taft and Sherman next month and after that the laying of plans for a representative Republican organization in Mason county.

Much interest was manifested by those present and The Limestone Republican League starts off today with at least 150 members enrolled.

Each Republican present was requested to solicit members and report same to Secretary Sharp at once.

The Club will meet again next Monday night at the Council Chamber to hear reports and to further outline the work before it.

The Limestone will be an adjunct of the Kentucky Republican League, which itself is an important adjunct of the National League of Republican Clubs, with John Hayes Hammond, President.

Characterizing night riders as assassins, cowards and degenerates of the lowest type Governor M. R. Patterson of Tennessee proposes a conference of Governors of six Southern States.

He believes a conference in Memphis at the earliest possible movement between Governor Willson of Kentucky, Governor Pindall of Arkansas and himself is necessary, and states that he would be glad if the Governors of Missouri, Mississippi and Alabama attended.

WELL, WELL!

Who Would Have "Thunk" It?—The Peerless One in a New Role—Addressing Sweet Sophistry to Republicans, Pleading For Their Support

That William Jennings Bryan is leaving no stone unturned that will accrue to his advantage and act as a stepping stone in his great desire to become President of these United States, is evident from the fact that in connection with his swing around the country speechifying he is actually editing a literary bureau and is sending out heartfelt appeals to Republicans beseeching them to assist him in reaching the goal of his soul's ambition—Chief Ruler of this glorious country.

Yesterday a business man, whose modesty prevents THE LEDGER from using his name, but can be had on application at this office, received in his mail a personal letter from W. J. Bryan, mailed at Lincoln, Neb., October 20th, and received here on the 22d, in which he endeavors to point the way by which this good Republican can desert his party—just

## Kehoe's Method to Catch Votes.

Greenup Republican, October 21st, 1908.

Here is the most ridiculous thing that has come to our view during the present campaign. The following appeared in "The Chronicle," a paper published in Augusta, Bracken county, which is giving Mr. Kehoe very enthusiastic support:

"Here is a 'stumper' for some of the Equity Republicans that are going to vote for Bennett for Congress—men that pooled their 1906 and 1907 crops and cut out the 1908. Mr. Bennett owns a farm in Greenup county; he raised a crop in 1906 and 1907; dumped them both and has the best crop of tobacco grown in 1908 in Greenup county in his barn right now, and will probably dump that as soon as he can find a buyer. Write Mr. Bennett and ask him if the above are not facts, then vote for him if you think you

this once—and vote for W. J. B.

Hear him—

Dear Sir: "I learn that you are inclined to support our ticket this fall, and I write to express my appreciation."

How good and thoughtful it is of him to thus express himself. Wonder who gave him the information as regards the gentleman's "inclination?"

And again—

"Voters are not made for the party; parties are made for the voters; and the voter can dissent from the action of his party leaders by temporarily rejecting its candidates, or by permanently abandoning the party. Usually he tries the effect of a reproof before severing his connection with the party."

There is no doubt about Mr. Bryan being capable of giving advice in regard to rejecting one's party candidate, for has not his own party turned his face to the wall on two previous occasions, and it will be thumbs turned down on him in November for the third time, when he will be buried beneath an avalanche of votes by those who have temporarily rejected its candidate for the time being and for the good of the country at large.

The letter is quite lengthy and consists of fulsome flattery and high sounding phrases. No doubt a million such letters have been mailed to Republican voters, but the men who are going to vote for Taft are not caught so easily by such chaff. Try again, William.

The Rev. W. H. Swain of Meridian, Miss., has accepted a call to the Pastorate of the Augusta Baptist Church.

Mr. William T. Moran, an old Maysville boy, now with the Model Printing Company of St. Louis, Mo., paid THE LEDGER a pleasant call yesterday while in Maysville.

Count Zeppelin announces that he will resume his airship trials at Friedrichshafen this morning. He has reconstructed his first balloon and hopes to attain greater speed.

From nearly every mountainous section of Pennsylvania come reports of forest and brush fires, the flames in some instances endangering villages that are surrounded by woodlands.

Hon. Edward W. Lane spoke at Carlisle last night to a big audience of colored people, and will then go to Western Kentucky to enter the speaking campaign in the interest of Taft and Sherman.

In the United States Court at Covington Wednesday George Pomp Smith of Sharpsburg was acquitted of the charge of selling liquor without paying the tax, but admitted selling a concoction called "hotsot," composed of cider and other liquids.

can afford to. Don't be deceived without investigating for yourself."

Every citizen of Greenup county and anybody who knows Judge Bennett knows that this is a bare-faced falsehood. It is true that Judge Bennett owns a farm in Greenup county, but he never raised a stalk of tobacco in his life, neither has there been any raised on his farm since he has owned it.

Mr. Kehoe is beaten and he knows it, and this article only shows his and his friends' false schemes to catch a few votes. Democrats of Greenup county know that The Chronicle's article is false and there are many of them who will resent such petty political lies as these.

## THE FIGURE

How Too Much Fat May Be Safely Reduced at Home.

"Oh, that this too, too solid flesh would melt!" cry the ladies nowadays as they try to squirm into a princess frock. How much would the too generously proportioned dame not give up for four inches less in the waistline as she compares herself with the more fortunate one hundred and twenty-five pound sister. Various devices are suggested to arrest the flesh producing tendency and keep the figure trim, including exercising, walking and dieting, as well as numerous patented remedies, but there are objections to all of these. Exercising is hard work and takes up precious time; dieting is distasteful and a real punishment; and most of the patent remedies are dangerous to health.

The very best thing for the overfat, whether male or female, is a simple home recipe: 1/2 oz. Marmola, 1/2 oz. Fluid Extract Cascara Aromatic, 3/4 oz. Peppermint Water, which can be obtained of any druggist at small cost. This should be taken a teaspoonful at a time after meals and at bedtime, and results will be both speedy and certain. This is a harmless mixture that cannot bring on any stomach troubles nor cause the dried-up, wrinkled appearance of those who starve or take "patent reducers" to get thin. On the contrary, although it often takes the fat off at the rate of a pound a day, it is really very beneficial to the system, cleansing the blood and causing the complexion to become fair and beautiful. The cost of the three ingredients is a mere bagatelle, and one may, if they prefer, get them separately and mix them together at home.

Times are not near so hard with some men when they want a plug of tobacco as when their wives ask for a pair of shoes.

## WELL DESERVED

The Praise That Comes From Thankful Maysville People.

One kidney remedy never fails. Maysville people rely upon it. That remedy is Doan's Kidney Pills. Maysville testimony proves it always reliable. Mrs. Della Means, 328 East Front street, Maysville, Ky., says: "About seven years ago kidney trouble made its appearance in my case. The first symptom was a sharp pain through the kidney regions, accompanied by a bearing-down feeling through the hips and loins. Dull, miserable headaches soon began to bother me, and I would often become so dizzy that if I did not catch hold of something I would have fallen. I continued to grow worse, until my condition became such that I was often confined to my bed for a week at a time. No remedy I used helped me in the least, and I was in a truly critical condition. Dropsical symptoms appeared, and at times there was an almost complete retention of the kidney secretions. My feet and ankles became so swollen that at times I could not wear my shoes, and this swelling gradually spread to all parts of my body, and it would be impossible to describe the misery I endured. I had about despaired of ever being cured, when I read of a person who had been cured of a similar trouble by the use of Doan's Kidney Pills. Deciding to try them, I procured a box at J. J. Wood & Son's Drugstore, and obtained so much relief from the contents of this box that I procured a further supply and through its use was entirely cured. I have no hesitancy in saying that Doan's Kidney Pills saved my life, and it would be impossible for me to give them more praise than they deserve."
